§ 697.12 At-sea sea sampler/observer coverage.

(a) The Regional Administrator may request any vessel issued a Federal limited access American lobster permit to carry a NMFS-approved sea sampler/observer. If requested by the Regional Administrator to carry a sea sampler/observer, a vessel may not engage in any fishing operations in the respective fishery unless a sea sampler/observer is on board, or unless the requirement is waived, as specified in paragraph (c) of this section.

(b) If requested in writing by the Regional Administrator to carry a sea sampler/observer, it is the responsibility of the vessel owner to arrange for and facilitate sea sampler/observer placement. (2) Allow the sea sampler/observer access to and use of the vessel's communications equipment and personnel upon request for the transmission and receipt of messages related to the sea sampler's/observer's duties.
